## TVCTV REMAINS CLOSED TO THE PUBLIC

While TVCTV is closed to the public, we are still available to assist in getting your programs to air. Call us for ideas on how to film and submit your videos from home. We are working on a plan to reopen to the public down the road that will focus on safety for everyone. Producers can expect curbside pick-up / return of equipment and limited personnel in the studio for productions as the "new normal". Please keep an eye on your email for a questionnaire from TVCTV. If you have any questions, please email [kelly@tvctv.org](mailto:kelly@tvctv.org) or call (503) 629-8534 ext. 219.

## TVCTV AIRS UNBIASED ELECTION INFORMATION

Election Day is soon upon us, but how informed are you of what our local candidates stand for? From now until the election, TVCTV will be airing Video Voters' Guide and various candidate forums on all of our channels. These forums present an unbiased platform for candidates to discuss their stance on issues and current events. Please consult your cable programming guide or [tvctv.org](http://tvctv.org) for dates and times.
